Product highlights

Multiple User Access

Different family members in five different rooms can access & listen to their own choice of music from the Wireless Audio Center at the same time.

40 GB hard disk/750 CDs

The 40GB hard disk offers a very large capacity for you to store your digital music files. It easily holds up to 750 CDs of your music collection, and the recording speed is so fast that you can basically play and rip a particular song almost at the same time.

2-way Remote Control

With Philips 2-way remote control, you can now navigate through hundreds of songs easily with the one simple press of the remote control. Displaying six lines info listed according to playlist, album, artist, genre or track, this intuitive navigation offers speedy yet simple scrolling through hundreds of files. It allows one handed operation and guarantees a unique user experience.

Direct Content Access

No more searching through hundreds of your CDs to find your favorite track by a particular artist. With the intuitive User Interface built-in the Philips Wireless Audio Center, you can now have almost instantaneous and direct access to your stored digital music collection on the hard disk (up to 750 CDs) and go straight to the music you want to listen to, listed by Artist, Album, Playlist, Genre or Tracks.

Music Broadcast - Party mode!

Be your own DJ at your home party and simultaneously broadcast your favorite dance music from the Wireless Audio Center to all Wireless Audio Stations installed in various parts of your home. Great for parties!

Music Follows Me between rooms

Music follows Me feature allows you to bring your favorite music from room to room in your house without having to restart navigation and playback of that particular track. By simply pressing a button, your favorite song will follow you anywhere you go in your house.

Super Sound Panel
